ORI KATZ

Software Developer | B.Sc. in Computer Science

katzori1999@gmail.com | 054-8800173 | orikatz99 | orikatz99 | Portfolio | Matan, Israel

ABOUT ME

Software Developer with a passion for building full-stack applications and solving real-world challenges. Experienced in backend-oriented development, modern AI tools, and Agile team environments. Outside of tech, I'm a competitive basketball player, a role that has strengthened my teamwork, discipline, and leadership skills.

EXPERIENCE

AI Software Developer (Bootcamp)

Abra

2026

- Developed production-style software using AI-first development methodologies in an Agile team environment.
- Leveraged Claude Code, MCP, and multi-agent workflows to accelerate development, improve code quality, and solve complex development tasks.
- Worked with modern development practices including Git, Docker, CI/CD, and GitHub Actions while applying prompt engineering throughout the software development lifecycle.

Full-Stack Developer (Internship)

Lower Galilee Regional Council

2024 – 2025 | Remote

- Worked directly with the Lower Galilee Regional Council to design and develop a production-level tourism platform.
- Translated client requirements into technical solutions while proposing additional product improvements.
- Participated in the full development lifecycle, from planning and implementation to final delivery.

Knesset and Government NCO

Chief of Staff – IDF

2017 – 2019 | Tel Aviv

- Coordinated all IDF activities with the Knesset and government bodies under high-pressure conditions.

TECHNICAL SKILLS

Java | C++ | C | SQL | Node.js | JavaScript | TypeScript | Python | MongoDB | PostgreSQL | HTML | CSS | React | Agile | OpenAI API | Docker | GitHub Actions | REST APIs | Claude Code | MCP | Linux

LANGUAGES

- Hebrew – Native proficiency
- English – Professional working proficiency

TECHNICAL PROJECTS

Time Reporting System

Abra • AI-First Development Bootcamp

2026

- Developed a full-stack employee management and time reporting platform using React, TypeScript, Node.js, and PostgreSQL.
- Implemented JWT authentication, role-based access control, employee assignment workflows, and reporting features.

TourTrack

Final Project & Tourism Social Network App

2024–2025 | **Grade: 98**

- Developed a full-stack tourism application using Java/XML, Node.js, MongoDB, and REST APIs.
- Implemented a trail recommendation algorithm and real-time interaction between nearby travelers.

Trust Me

AI-Powered Anti-Bullying Web Platform

2025–2026

- Developed a full-stack web application during an AppsFlyer hackathon using React, Node.js, and the OpenAI API.
- Collaborated with a team and an industry mentor to build a platform supporting safer digital interactions.

ACHIEVEMENTS

Academic Excellence (GPA 85.3)
100 in Data Structures, 100 in Databases, 99 in Parallel Computing, 90 in Algorithms, 100 in ML

2nd Place in MeloMatch Hackathon
Afeka x Rimon Music-Tech Hackathon

Basketball Team Captain
Leadership, Teamwork & Discipline

EDUCATION

B.Sc. in Computer Science

Afeka College of Engineering

2022 – 2025
